

Reception End of Autumn 1 Update

We have made it through our first half term in Reception!! We have been so proud of how quickly the children settled into full time school. They have been amazing! It has been lovely to see new friendships formed and watch the children interact with each other in their independent learning.

This half term we focused on getting to know the children, we talked about our families, our homes, our hobbies and interest and our likes and dislikes. We ended this half term with some learning around Diwali.

The children have been enjoying weekly music sessions where we have been learning new songs and finding the pulse to the music. Miss Chubb has been teaching the children about PSHE through our Jigsaw program. Mrs Hawkes has been focusing on PE and RE with the children. Of course the children have also been working super hard on their phonics and maths too. And we have been having lots of fun! 😊

Next Half Term

After the holidays we will start off by focusing on Autumn and thinking about why there are so many leaves on the ground?

Before you know it we will be moving on to Winter and Christmas! We will be busy writing Christmas lists, making cards and calendars and enjoying some lovely Christmas books and stories together.

Christmas Performance

We will very soon be starting to learn songs for our Christmas Performance, some children will also have some lines to learn which we will send home. We will also be letting you know the part your children will have so you can provide a costume if you wish.

Reminders

- PE continues to be on a Friday after half term so please ensure children come to school in PE kit on a Friday.
- Order your child's milk on cool milk if you haven't already.
