

YEAR 6

END OF AUTUMN 1

21. 10.2022

Year 6
are
amazing!!

Year 6 have had a really positive start to their final year at primary school. They are showing me that they are becoming responsible for their own learning and in addition helping each other while working in pairs or groups.

The Sats papers that all the pupils did give them and me an indication of where we are at the moment and where we need to work on as we move through the year. Again the pupils were really sensible as they took the tests and looked at the positives from the papers.

In Maths we have secure knowledge of place value and have just spent a number of week ensuring we can add, subtract, multiply and divide numbers. The Maths is getting more difficult - please remember to ask if you need help.

In English we have studied "The Firework Maker's Daughter and finished by writing our own adventure story.

Other areas of the curriculum have included learning about Ancient Greece, looking at classification in Living Things and their habitats, swimming, football and learning to play either a keyboard or a guitar.

Wider Opportunity Music is a great treat for Year 6 and there are doing really well - they are already able to play some songs.

To encourage reading for pleasure I have asked the Year 6 to read a book for 30 minutes a day - this is NOT just for the holiday!

Homework

Year 6 have taken on different jobs to help with in school; helping younger pupils on the playground and assisting at lunch time to make lunches run smoothly. In addition, some year 6 are school councillors and part of the Eco committee. It has been lovely to see them take on responsibilities as they get ready for High School. Members of Year 6 are going to buddy up with Reception for our theatre trip in December. All of these responsibilities help school and the Year 6 pupils.

Next Half term we can look forward to:

Trip to London!

I am finalising details at the moment but the train tickets are booked. We have received a Grant from Parliament and FOBS are helping to fund, I will send Letters and forms after Half Term.

Achievements

Stars of the week, Milk Shake Friday participants and reading award recipients this term have been: Mia, Sian, Will, Brooke, Daisy, Alfie, Thomas, Jake G, Mati, Anabella, Bella, Poppy, Lizzie, Elliot, James, Darcy, Aimee, Jake D, Ben, Riley, Amy-Lee, Samuel, Matty, Shave and all of Year 6 for their attitude to the
